alerta®
aqua tilt-in-space

The **Alerta Aqua Tilt-In-Space Hi-Lo Shower Commode Chair** is for use in Care Homes, Hospitals and homecare. This chair is designed specifically for assisted hygiene routines, showering and toileting.

The transfer friendly design offers safe solutions for residents with differing mobility levels, covering needs ranging from a bedside commode to a mobile, multifunction shower and commode chair. When used as a toilet chair, it can be placed over a conventional toilet or used in a freestanding position.

The chair has an adjustment controlled by gas spring for the seat angle for active and passive seating and is designed for repeated use.

Alerta Aqua Tilt-In-Space benefits from 4 braked castors, adjustable seat height, multi-angle directional and height adjustable head support, adjustable and detachable footrests. It also benefits from armrests, rear anti-tip bars, and width and angle adjustable pivoting upper body side supports with quick release.

KEY FEATURES & BENEFITS

- Easy, simple, safe to operate tilt-in-space
- Tool-less seat height adjustment range 525-625mm
- Removable swing-away footrests with angle-adjustable footplate
- 5” casters with wheel & swivel locking mechanism
